Acacia Balcony Guidelines

1. Balcony project plans must be submitted to the Acacia A&L Committee for processing and approval, and if necessary, requester shall be referred to the Village for a building permit.
2. Reconstruction of existing balconies that have deteriorated or become structurally unsound necessitating the replacement of structure supporting members, or if more than fifty percent (50%) of a balcony is to be replaced, such construction must comply with all requirements of applicable Village codes and a building permit is required.
3. Removal, replacement or repair of Burnham and Dearborn balconies may require Village structural inspections and approval of interconnected bedroom floor joists before project completion.
4. Balconies to be refurbished must receive prior A&L Committee approval and comply with Indian Head Park Municipal Code Chapter 15.22, "Decks and Related Structures" which may require a Village Building permit prior to starting any construction, addition, removal, demolition or remodeling, especially when affecting structural integrity of adjacent building or connected structure.
5. Village ordinances require the Village Building Department be permitted to inspect the procedures being followed after a permit has been issued.
6. Use a competent and knowledgeable contractor to perform the work.
7. When a specific project has been satisfactorily completed, the \$250.00 security deposit held by Acacia will be returned to the owner.
